

### **HSW Engineering, Inc.**

HSW has distinguished itself as a leader in the environmental industry through its philosophy of strategic management of environmental issues. Our approach is to provide our clients with solutions, plus long-range, proactive approaches to effectively manage environmental issues. HSW has successfully applied innovative strategies to technical and regulatory issues nationwide, resulting in substantial cost and time savings. HSW also prides itself on its organizational approach, assigning one of the firm's principals to oversee each project. This philosophy of strict quality assurance has proven successful in maintaining control and effective communications throughout the sometimes tedious processes involved in achieving environmental solutions.

## WHAT IS AFCEE?

The Air Force Center for Environmental Excellence at Brooks AFB, Texas, is the Air Force's premier environmental services agency and center of expertise. As a field-operating agency of the Air Force Civil Engineer, it offers commanders a full-range of technical and professional services in the areas of environmental restoration, pollution prevention, environmental compliance, natural and cultural resources conservation, facility design and construction management, and comprehensive planning.

## USING THE AFCEE CONTRACT

Using this contract is very easy. Just follow these 4 simple steps:

1. HSW meets with existing or potential client to discuss task.
2. Client identifies, defines assignment.
3. Client must submit AF Form 616 funding document and SOW to AFCEE, including contract number.
4. AFCEE issues RFP for task to HSW.

The HSW Point of Contact will provide details not shown.
